# Bentley

Enterprise Design Collaboration

WHY SHOULD YOU CARE?

Time lost to inefficient data management

1 — Inefficient data management

31%

of workers who manage, create or edit documents spend **31% (or 2.5 hours)** of their day searching for what they need

Employees waste **2 hours per day** due to poor data management tools and practices

Time lost to collaboration siloes

2 — collaboration silo's

3 — cost of workflow inefficiences

Employees lose **1.9 days each week** due to poor collaboration

Project Leaders waste **3.6 hours each week** on low-value requests and issue resolution

Cost of workflow inefficiences

-$5,700

Inadequate Data Management
per employee per year

-$11,000

Inadequate Communications and Collaboration
per employee per year

1 ProjectWise® is the industry-leading solution for infrastructure project collaboration

2 Maximize design productivity by bringing your teams, data, and workflows together in a single, integrated system

3 ProjectWise is the only application that can save you, your team, and your project time and money
